Ömer Keskin | Unity Game Developer

Ankara, Turkey | omerkeskin980@gmail.com | **Portfolio** | Linkedin | GitHub |+90 533 432 84 13

EDUCATION

Bilkent University, Ankara, Turkey | GPA: 3.16

B.S. in Computer Technologies and Information Systems (CTIS)

WORK EXPERIENCE

Gamelab Istanbul | *Gamelab Istanbul, Istanbul, Turkey* | *July 2026 – September 2026*
Multiplayer & Game Engine Developer Intern (C++, gipMultiplayer, Game Martyr)

- Multiplayer Subsystem Architecture: Architected hybrid P2P/dedicated multiplayer for Game Martyr: 20 Hz fixed tick state replication, UDP NAT hole punching, headless dedicated server binary.
- Built cloud master server (martyr.irrl.dev) with room code matchmaking and auth, hashed session tokens, rate limiting.
- Extracted networking into a standalone plugin (gipMultiplayer) with zero socket-layer leaks into game code

KEY PROJECTS

Sprout King | Solo Developer, Unity 6 | Android, iOS, WebGL | 2026 Summer

- Built a mobile resource-management game end to end: 22 regions, 89 quests, worker AI, crafting/upgrade progression, save system, locked **60 FPS** on budget Android hardware.
- Architected an event driven core: quests, analytics, and audio run as listeners on shared gameplay events, decoupled from gameplay logic.
- Integrated **Yodo1 MAS** rewarded ads and **GameAnalytics.** WebGL build and submitted to **CrazyGames** on Full Launch**, App Store** (in review)**, Google Play Store (closed testing).**

Game Jam Games: 4 shipped in 48h format: Cubinary (APPS Jam), Leech of Joy (BOA Jam 4), Assylum Block C (BOA Jam 5), Keyboard Magic (UNOG Jam). Please check on portfolio.

LEADERSHIP & EXPERIENCES

Bilkent BOA (Game Development and Animation Society)
Club Vice President

- Event Leadership: Directing BOA Jam 5 & 6 (48h hackathons, 50+ participants): secured sponsorships from **Game Design Academia** and **TaleWorlds** as main sponsor, organized 10 industry mentors so far.
- Independent Outreach: Solely organized the "BOA Dev Talks" series, hosting technical sessions with professionals from **Panteon** and **SciPlay** to bridge student-industry gaps.
- Industry Access: Currently organizing a club visit to the **TaleWorlds** office, giving members a direct look at studio workflows.

GGOG (Genç Girişimciler ve Oyun Geliştiricileri Derneği)
Business Development & Event Specialist

- Lead studio relations, sponsor outreach, and end-to-end execution for gaming events and speaker programs.

Bilkent IEEE Club
Organization Member

- Independently organized a visit to **Loop Games**, including a meeting with the studio's CTO.

SKILLS & TECHNOLOGIES

- Languages: C#, Java, C, SQL, JavaScript, PHP.
- Engines & Frameworks: Unity.
- Tools & Services: Yodo1 MAS, GameAnalytics, Git.
- Languages (Human): Native Turkish, Advanced English.
